The All-new 2013 Dodge Dart: On Target to Deliver Style, Performance, Efficiency and Value

- 2013 Dodge Dart competes in the largest retail segment in the United States, the compact car segment, which represents roughly 15 percent of the retail market
- Five well-equipped trim levels offer class-leading safety features and breakthrough technology typically found in more expensive vehicle segments
- All-New Dart offers features and benefits never before offered in a compact car
- Dodge Dart features a starting U.S. Manufacturer's Suggested Retail Price of \$15,995

April 27, 2012, Auburn Hills, Mich. - The 2013 Dodge Dart redefines performance with an agile, fun-to-drive experience, compliments of its Alfa Romeo roots; the interior comforts of larger, more expensive cars and the value and fuel efficiency of a compact car with three fuel-efficient powertrains. The all-new Dodge Dart is a thoroughly modern vehicle that's beautifully designed and crafted, offers the interior space of a mid-size sedan and features a starting U.S. Manufacturer's Suggested Retail Price (MSRP) of \$15,995 (excluding destination).

Loaded with innovative technology, class-leading safety features and clever functionality, the 2013 Dodge Dart sets a new standard in the compact car segment by offering unmatched personalization, roominess, style, functionality and fun-to-drive dynamics.

"The all-new Dodge Dart is a groundbreaking car, offering features and benefits never before found in a compact car," said Reid Bigland, President and Chief Executive Officer, Dodge Brand — Chrysler Group LLC. "With class-leading style, customization, safety, technology, and interior levels of roominess, the all-new Dart perfectly blends Alfa Romeo DNA and Dodge passion and style into one all-new car that customers will be proud to own and look forward to driving."

The 2013 Dodge Dart competes in the compact sedan segment, the largest retail segment in the United States. In 2011, the compact car segment represented roughly 15 percent of all new retail car sales. While the compact car segment is very competitive, Dodge has an opportunity for growth with the all-new Dart that shatters the perceptions of the compact car segment with distinctive style, class-leading features and superior fuel economy, all starting at an U.S. MSRP of less than \$16,000 MSRP.

The 2013 Dodge Dart is available in five different configurations in the United States and will begin arriving in U.S. dealer showrooms in June 2012. Customers can choose from the SE, SXT, Rallye, Limited and R/T (available 3rd quarter 2012).

2013 Dodge Dart SE – \$15,995 MSRP

The Dodge Dart SE offers customers a stylish new car at a great value. It's powered by the new 2.0-liter 16-valve Tigershark I-4 engine, which produces 160 horsepower (hp) and 148 lb.-ft. of torque, mated to a six-speed manual transmission which delivers 25 mpg City/36 mpg Highway/29 mpg Combined, or available six-speed automatic.
