Mopar Scat Pack

Owners of the Dodge Challenger and Dodge Charger will most certainly appreciate the gift of the Mopar Scat Pack 1 performance kit, or perhaps even the new Scat Pack 2 and Scat Pak 3 kits, which will help transform their vehicles from daily drivers into track-ready rides.

The Scat Pack 1, 2 and 3 performance kits for 2011-2015 Dodge Challenger and Dodge Charger vehicles with the 5.7-liter HEMI are available through authorized dealerships. The Scat Pack 1 Kit, with a Manufacturer's Suggested Retail Price (MSRP) of \$2,195, works in conjunction with the Scat Pack 2 kit, priced at an extra \$1,895, delivering a performance boost via a Mopar cold-air intake, Mopar cat-back exhaust, Mopar low-restriction oil filter, new Mopar Performance camshaft, a set of Mopar Performance valve springs, tie bars, upgraded pushrods and all the gaskets.

The Scat Pack 3 kit, with an MSRP of \$4,995, maximizes gains achieved by the Scat Pack 1 and Scat Pack 2 kits by adding new Mopar Performance CNC-ported cylinder heads, Mopar hi-flow manifolds and hi-flow catalysts, a gasket set, exhaust manifolds, exhaust adapter, mounting brackets and hardware. Each Scat Pack kit includes a numbered hard badge associated with its performance stage, so enthusiasts can proudly display the emblem on their vehicle as a badge of honor.

Mopar

Mopar is the global name for Stellantis genuine parts and authentic accessories.

A simple combination of the words MOtor and PARts, Mopar offers exceptional service, parts and customer-care. Born in 1937 as the name of a line of antifreeze products, Mopar has evolved over more than 85 years to represent both complete vehicle care and authentic performance for owners and enthusiasts worldwide.

Mopar made its mark in the 1960s during the muscle-car era with performance parts to enhance speed and handling for both on-road and racing use. Later, Mopar expanded to include technical service and customer support, and today integrates service, parts and customer-care operations in order to enhance customer and dealer support worldwide.
