#### **\*Method of Determining Monthly Sales**

Beginning with the July 2016 sales report, FCA Canada sales numbers have been calculated using a new sales reporting methodology, which is described in more detail in the explanatory note issued on September 1, 2016. Sales by dealers are derived from the New Vehicle Delivery Report, or NVDR system and reported upon the first sale reported in the NVDR system. Under the new reporting methodology, fleet sales are recorded as sales upon shipment by FCA Canada of the vehicle to the customer or end user. The updated monthly sales figures are available on the FCA US media website at [www.media.fcanorthamerica.com](http://www.media.fcanorthamerica.com).
