

Pritchett, Johnson Pace Mopar and Dodge in NHRA Carolina Nationals Qualifying

- Leah Pritchett qualifies No. 3 in Mopar HEMI®-powered Top Fuel dragster from Don Schumacher Racing (DSR) at zMAX Dragway
- DSR's Tommy Johnson Jr. leads all Mopar Dodge Charger R/T Funny Car drivers with third-place qualifying effort
- Five Mopar Dodge Funny Cars qualify for 16-car field
- Six-race NHRA Countdown to the Championship playoffs begin with Carolina Nationals event

September 16, 2017, Concord, N.C. - Mopar Top Fuel driver Leah Pritchett and Funny Car counterpart Tommy Johnson Jr. qualified No. 3 in their respective categories for this weekend's NHRA Carolina Nationals at zMAX Dragway, putting HEMI® power from Don Schumacher Racing (DSR) near the top of Sunday's Nitro elimination ladders as the Mello Yello Drag Racing Series Countdown to the Championship begins.

Pritchett made a best lap of 3.725 seconds at 327.98 mph during the second qualifying session on Friday evening in her Papa John's Pizza/Mopar Pennzoil dragster from DSR. The pass ultimately was just .002 off the No. 1 time, barely keeping Pritchett from her seventh top qualifying spot of the year, but still in prime position to advance deep on Sunday.

Johnson meanwhile went 3.901 at 325.06 in his DSR-prepared Make-A-Wish Dodge Charger R/T on Friday evening at the pristine facility outside Charlotte, putting him third in Funny Car. Johnson, whose team excels in warm conditions like those being seen at zMAX this weekend, has finished as runner-up in the Carolina Nationals the past two seasons. He qualified No. 1 in each of those events.

Pritchett's Top Fuel teammate Tony Schumacher will begin from the ninth spot in his U.S. Army dragster featuring HEMI power, while the other three Mopar Dodge Charger R/T Funny Cars from DSR had varying qualifying results. Jack Beckman landed fourth in the Infinite Hero car, Ron Capps, who won at zMAX Dragway this spring in the Four-Wide Nationals, qualified his Dodge Charger R/T in the 10th position, and Matt Hagan's Mopar/Freightliner team will start from the 11th spot.

A total of five Mopar Dodge Funny Cars will compete in the 16-car field.

The 10th annual Carolina Nationals event serves as the first in the Countdown to the Championship, a six-race playoff to determine the year-end titleholders in the NHRA Mello Yello Drag Racing Series.

Mopar/Dodge Notes & Quotes

(best elapsed time in bold)

Leah Pritchett, Papa John's Pizza/Mopar Pennzoil Top Fuel Dragster

Qualified No. 3, will face No. 14 Wayne Newby

Friday: (3.791 seconds at 323.27 mph – Q1); (**3.725/327.98** – Q2)

Saturday: (6.107/112.24 – Q3); (10.305/69.51 – Q4)

"This is where it begins, starting tomorrow. There's so much on the line you can be nervous or you change what people call nervousness into excitement and that's what we have. Excitement is the positive feature. So everything going forward is we're excited about the opportunities that we have."

Tommy Johnson Jr., Make-A-Wish Dodge Charger R/T Funny Car

Qualified No. 3, will face No. 14 Dave Richards

Friday: (4.345 seconds at 206.35 mph – Q1); (3.901/325.06 – Q2)

Saturday: (4.077/309.63 – Q3); (5.010/151.22 – Q4)

“It was a nice qualifying effort. It’s going to be warm again tomorrow and that seems to be our forte. If we can go out there and put four solid runs together and get off to a good start in the Countdown that’s what I’m looking for. You can kind of set yourself up for the Countdown at this race. The last two years we’ve kicked it off with a runner-up. I’d love nothing more than to put a win in that column and go into Reading with good momentum.”

Matt Hagan, Mopar/Freightliner Dodge Charger R/T Funny Car

Qualified No. 11, will face No. 6 Robert Hight

Friday: (3.981 seconds at 324.12 mph – Q1); (4.784/163.49 – Q2)

Saturday: (6.310/107.20 – Q3); (4.000/323.89 – Q4)

“It’s hot out here. Obviously on a 130-degree racetrack it’s tough to negotiate as far as tuning and driving. It’s home (Hagan is from Christiansburg, Virginia) so we need to put on a show. We got two decent runs out of four to work off of. I feel like (crew chief) Dickie Venables really kind of started reeling it in on Q4 and understanding where the track’s at in these conditions. I think that we’ll be just fine tomorrow. It’s probably going to be similar conditions, maybe a little cooler first round, so we’ll press a little bit more and we’ll see what happens.”

Jack Beckman, Infinite Hero Dodge Charger R/T Funny Car

Qualified No. 4, will face No. 13 Jim Campbell

Friday: (5.820 seconds at 117.11 mph – Q1); (3.906/330.47 – Q2)

Saturday: (4.565/187.60 – Q3); (3.988/325.92 – Q4)

Ron Capps, NAPA Dodge Charger R/T Funny Car

Qualified No. 10, will face No. 7 Tim Wilkerson

Friday: (4.996 seconds at 152.07 mph – Q1); (4.012/257.87 – Q2)

Saturday: (4.016/322.50 – Q3); (3.980/323.04 – Q4)

Tony Schumacher, U.S. Army Top Fuel Dragster

Qualified No. 9, will face No. 8 Shawn Langdon

Friday: (4.481 seconds at 175.30 mph – Q1); (5.391/127.57 – Q2)

Saturday: (3.800/323.74 – Q3); (3.788/325.30 – Q4)

About Mopar Motorsports

The Mopar brand’s commitment to professional motorsports competition was established in the 1950s when a partnership ignited with drag racing pioneer Don Garlits, resulting in the breaking of numerous speed and performance barriers in HEMI-powered vehicles over the next several decades. In 2016, thanks to Don Schumacher Racing driver Ron Capps, Mopar captured its fourth NHRA Funny Car World Championship in the last six years. As Mopar celebrates 80 years as a brand in 2017, it will focus its NHRA Mello Yello Drag Racing Series efforts on NHRA Funny Car and, with rising star Leah Pritchett, NHRA Top Fuel Dragster. Mopar will also bolster its commitment to NHRA Sportsman racing with new contingency rewards, factory support and at-track technical advice and guidance.

Mopar-First Features

During the brand’s 80 years, Mopar has introduced numerous industry-first features including:

- Vehicle-information apps: first to introduce smartphone vehicle-information applications, a new channel of communication with consumers

- wiADVISOR: first to incorporate a tablet-based service lane tool
- Electronic Vehicle Tracking System (EVTS): first to market with a new interactive vehicle tracking device that sends owner a text when vehicle is driven too fast or too far based on pre-set parameters
- Wi-Fi: first to offer customers the ability to make their vehicle a wireless hot spot
- Electronic owner manuals: first to introduce traditional owner manuals on a smartphone app

Mopar

Mopar is the global name for Stellantis genuine parts and authentic accessories.

A simple combination of the words MOtor and PARTs, Mopar offers exceptional service, parts and customer-care. Born in 1937 as the name of a line of antifreeze products, Mopar has evolved over more than 85 years to represent both complete vehicle care and authentic performance for owners and enthusiasts worldwide.

Mopar made its mark in the 1960s during the muscle-car era with performance parts to enhance speed and handling for both on-road and racing use. Later, Mopar expanded to include technical service and customer support, and today integrates service, parts and customer-care operations in order to enhance customer and dealer support worldwide.
