March 22, 2019, Auburn Hills, Mich. - The first shipments of the new [2019 Fiat 500X](#) have arrived on U.S. soil at the Port of Baltimore (Maryland). Following Baltimore, additional units will arrive at various ports throughout the country.

“Our first batch of new Italian-designed, fun-to-drive 2019 Fiat 500X small crossovers are just starting to arrive,” said Steve Beahm, Head of Passenger Car Brands – Dodge, SRT, Chrysler and FIAT – North America. “Customers will soon be able to experience and enjoy the all-new turbocharged 1.3-liter engine with class-leading torque, standard all-wheel-drive capability, and a host of new safety and technology features.”

Manufactured in Italy at the Melfi assembly plant, the vehicle is powered by an all-new 1.3-liter turbocharged engine producing 177 horsepower and 210 lb.-ft. of best-in-class torque with engine stop-start (ESS) technology mated to a nine-speed automatic transmission. With the introduction of the 1.3-liter engine, FIAT is now the only lineup in the market that provides turbocharged power standard. Wrapped in head-turning Italian design, the vehicle complements the FIAT lineup with standard all-wheel drive.

In addition to new front and rear fascia designs, the new small FIAT crossover offers nearly 70 safety and security features that now include Adaptive Cruise Control and Front Park Assist.

The 2019 Fiat 500X is available in three model configurations – Pop, Trekking and Trekking Plus – and has a starting U.S. Manufacturer’s Suggested Retail Price (MSRP) of \$25,985 (including destination).

The 2019 Fiat 500X will arrive in FIAT studios throughout the country this spring.

Fiat 500X Pop

Starting at \$25,985, the Fiat 500X Pop features the all-new 1.3-liter turbocharged engine, all-wheel-drive capability and the Dynamic Selector System. Classic Italian style is complemented with 17-inch silver aluminum wheels, projector headlamps and new LED daytime running lamps and tail lamps, plus power and heated mirrors with turn signals. Inside, a new leatherette steering wheel and gear-shift knob add a premium appearance.

The new 2019 Fiat 500X Pop receives the latest Uconnect system along with Apple CarPlay and Android Auto connectivity. Additional standard safety and technology features include a security system, speed control, tire-inflator kit, remote start and a ParkView rear backup camera.

Fiat 500X Trekking

Starting at \$27,490, the Fiat 500X Trekking builds on the Pop model and adds a rugged front fascia with black grille and metallic surround, as well as a rear fascia that includes a metallic appearance. Deep tint sunscreen glass, metallic door handles and 17-inch silver aluminum wheels add to the aggressive look while automatic headlamps and

cornering front fog lamps provide improved visibility.

Trekking interior features include front and rear premium quilted cloth seats, leatherette door-trim inserts and a multi-position cargo shelf panel for storage convenience. A 3.5-inch color TFT cluster screen provides easy navigation for vehicle information and settings.

Trekking customers also can enjoy a free 12-month trial subscription to SiriusXM Radio.

Fiat 500X Trekking Plus

Starting at \$30,690, Trekking Plus adds additional premium content and style including 17-inch matte black machined aluminum wheels, chromed daylight opening (DLO) molding and LED projector headlamps.

The refined interior includes eight-way, heated and leather power seats with four-way lumbar support, blushed console and door trim. Overhead ambient lighting and door courtesy lamps illuminate side panels and cargo spaces for enhanced visibility.

Trekking Plus models receive the latest generation Uconnect 4 infotainment system with 7-inch touch screen and navigation radio that offer turn-by-turn navigation directions with outstanding sound from the eight-speaker audio system.

New technology includes ParkSense Front and Rear Park Assist sensors along with climate-controlled dual-zone Automatic Temperature Control (ATC) and an automatic windshield defroster. An electrochromic rearview mirror offers automatic dimming capability for daylight/twilight driving.
