April 8, 2020, Auburn Hills, Mich. - Dodge muscle cars are known for their aggressive, menacing looks and Kelley Blue Book is recognizing FCA's performance brand in its 2020 Brand Image Awards, naming Dodge the Best Car Styling Brand for the second consecutive year. Award categories are calculated among luxury, non-luxury and truck shoppers and are based on annual new-car buyer perception data.

"Dodge's muscle car design and attitude prove to be attractive to the consumer eye," said Isabelle Helms, vice president of research and market intelligence for Cox Automotive. "Staying true to its brand, Dodge continues to offer its iconic muscle car experience and new-car shoppers agree that it tops the competition in exterior styling."

Indeed, the top purchase reasons for Dodge vehicles are overall exterior styling, being 'fun to drive' and overall power and acceleration, according to MaritzCX, "New Vehicle Customer Study: October 2018 - September 2019."

Dodge delivers the industry's most powerful and capable muscle car lineup for 2020, literally expanding its high-performance [Charger models](#), adding a Widebody Package to America's only four-door muscle car. The Dodge Challenger remains the most powerful and fastest muscle car with the "Demon-possessed" 797-horsepower SRT Hellcat Redeye. The Widebody Package is also available on Challenger R/T Scat Pack, SRT Hellcat and SRT Hellcat Redeye models.

The [2020 Dodge Durango SRT](#) is the fastest, most powerful and most capable American three-row SUV, powered by the proven 392-cubic-inch HEMI V-8, to deliver 475 horsepower and 470 lb.-ft. of torque, allowing it to go from 0-60 miles per hour (mph) in 4.4 seconds and covering the quarter-mile in 12.9 seconds as certified by the National Hot Rod Association (NHRA), all while outhauling every three-row full-size SUV on the road with a best-in-class towing capability of 8,700 pounds. The Durango SRT performance look is available with all powertrains. The performance front fascia with functional SRT hood, including center air inlet duct flanked by heat extractors, is available on Durango GT models powered by the 3.6-liter V-6 and standard on Durango R/T models powered by the 5.7-liter HEMI V-8.

In addition, Dodge continues to offer customization straight from the factory with unique appearance packages, a variety of different color stripes and wheel finishes, all-original badges, including a Hellcat Redeye with a red eye, distinctive Dodge heritage colors, including new for 2020 Sinamon Stick, Frostbite and Hellraisin on Charger and Challenger models, all of which make Dodge vehicles unique and stand out on the road.
