FCA Canada: 2021 Jeep® Compass Fact Sheet

August 31, 2020, Windsor, Ontario - The 2021 Jeep® Compass expands the brand's global reach with an unmatched combination of attributes, including legendary and best-in-class 4x4 off-road capability with Trailhawk models, advanced fuel-efficient powertrains, a premium and authentic Jeep design, superior on-road driving dynamics, open-air freedom, and a host of innovative safety and advanced technology offerings.

A truly global compact SUV, the 2021 Jeep Compass is manufactured in Brazil, China, India, Italy and Mexico for consumers in more than 100 countries around the world.

New for 2021:

- New standard equipment on all Compass models: automatic transmission, heated front seats and compact spare tire (4x4)
- New unique-to-Canada Altitude model with 'black-out' appearance, 18-inch gloss black wheels, black painted roof, leather-faced seats, Uconnect 4C NAV with 8.4-inch touchscreen display and GPS navigation, power driver seat, 7-inch colour in-cluster display and more
- Full suite of cold weather features now standard on North and Trailhawk models, including heated front seats, heated leather-wrapped steering wheel, remote start system, windshield wiper deicer and all-weather floor mats
- Standard safety and security features now on Trailhawk and Limited models include Blind-spot Monitoring and Rear Cross Path detection systems, ParkSense rear park assist with rear stop, rain-sensing wipers and security alarm
- 80th Anniversary Edition (based on North) includes 19-inch wheels with Granite Crystal finish, leather seats with Light Tungsten accent stitching, power driver seat with lumbar, remote start, Uconnect 4C NAV with 8.4-inch touchscreen display with GPS navigation, 7-inch full-colour thin-film transistor (TFT) instrument cluster display, 115-volt power outlet, automatic dim rearview interior mirror, Piano Black and Anodized Gun Metal interior accents, black headliner, berber floor mats and commemorative badging

Highlights:

- Jeep Compass features more than 20 global combinations of fuel-efficient powertrain options
- Premium, distinguished, authentic Jeep exterior styling includes open-air dual-pane sunroof
- Interior includes state-of-the-art technology, sculptured forms and high-quality materials
- North American models are powered by the fuel-efficient, 2.4-litre Tigershark with engine stop-start (ESS) technology
- Choice of two transmissions:
 - Class-exclusive nine-speed automatic transmission for 4x4 models
 - Six-speed automatic transmission for 4x2 models
- Jeep Active Drive Low features class-leading 20:1 crawl ratio and exclusive five-mode Jeep Selec-Terrain system for best-in-class off-road performance
- Selec-Terrain provides up to five modes for the best four-wheel-drive performance in any weather condition:
 - Auto, Snow, Sand and Mud modes standard on all 4x4 models; Trailhawk models gain Rock mode
- Trailhawk provides best-in-class Trail Rated 4x4 capability with:
 - Standard Jeep Active Drive Low 4x4 20:1 crawl ratio
 - Increased ride height of almost one inch, skid plates and Jeep signature red front and rear

- tow hooks
- 30-degree approach angle, 24-degree breakover angle and 34-degree departure angle
- Hill-descent Control
- Aggressive off-road tires
- Up to 19 inches of water fording
- Up to 907 kg (2,000 lb.) towing capability
- Next-generation Uconnect entertainment/connectivity system with standard Apple CarPlay and Android Auto capability

FCA Canada

Founded as the Chrysler Corporation in 1925, FCA Canada Inc. is based in Windsor, Ontario, and celebrates its 97th anniversary in 2022. FCA Canada is a wholly owned subsidiary of FCA, a North American automaker based in Auburn Hills, Michigan and member of the Fiat Chrysler Automobiles N.V. (FCA) family of companies. FCA Canada has approximately 440 dealers that sell Chrysler, Dodge, Jeep®, Ram, FIAT and Alfa Romeo products, as well as SRT performance products. The company also distributes Mopar and Alfa Romeo parts and accessories. In addition to its assembly facilities, which produce the Chrysler Pacifica, Chrysler Pacifica Hybrid, Chrysler Voyager and Chrysler Grand Caravan (Windsor) and Chrysler 300, Dodge Charger and Dodge Challenger (Brampton), FCA Canada operates an aluminum casting plant in Etobicoke, a research and development centre in Windsor, and has sales offices and parts distribution centers throughout the country.
