702 Orders for Ram 1500 TRX Launch Edition Filled in Less Than One Day

August 19, 2020, Auburn Hills, Mich. - Ram Truck today announced that orders for the 2021 Ram 1500 TRX Launch Edition were filled in approximately three hours on Tues., Aug. 18. Only 702 – commemorating the TRX's barrier-shattering 702-horsepower 6.2-liter supercharged HEMI® V-8 – of the Launch Edition trucks were offered to U.S. buyers.

"The groundswell of demand for our all-new 2021 Ram 1500 TRX Launch Edition validates our efforts to bring the fastest, quickest, most powerful pickup truck to market," said Mike Koval Jr., Head of Ram Brand. "We said the Ram 1500 TRX Launch Edition would go fast. And we meant that in more ways than one."

Production of the 2021 Ram 1500 TRX Launch Edition starts in early fourth-quarter 2020.

The 2021 Ram 1500 TRX is built at FCA's Sterling Heights (Michigan) Assembly Plant.

2021 Ram 1500 TRX Launch Edition

To commemorate the world's most powerful pickup truck, the Ram brand announced plans to build a limited run of [TRX Launch Edition](#) models.

U.S. buyers had to act quickly. Only 702 units were available in homage to the TRX's segment-topping 702 horsepower.

The TRX Launch Edition is visually distinguished by its Anvil Gray paint, which is exclusive to the edition. Inside, each of the TRX Launch Edition trucks gets a special red and brushed-aluminum center console badge identifying it as a special, limited-edition TRX model.

Ram TRX Launch Edition package is coupled with the TRX Level 2 Equipment Group, adding carbon fiber interior trim, color accent package, Head-up Display, beadlock-capable wheels, 19-speaker Harman Kardon premium sound system, dual-pane panoramic sunroof and bodyside graphics.

2021 Ram 1500 TRX

The new [2021 Ram 1500 TRX](#) is the apex predator of the truck world and cements Ram Truck as North America's off-road truck leader. The Ram 1500 TRX expands the light-duty lineup and sets the benchmark for extreme performance pickup trucks. Designed bolt by bolt to significantly outperform every other truck, the 2021 Ram 1500 TRX has been tested to handle the most punishing conditions with extreme durability. Powered by the 702-horsepower supercharged 6.2-liter HEMI V-8 engine, the 2021 Ram 1500 TRX delivers a top speed of 118 mph on its way to being the quickest, fastest and most powerful mass-produced half-ton pickup truck in the world. New integrated fender flares add 8 inches of body width, making room for new 18-inch wheels that are wrapped in specially designed 35-inch Wrangler Territory All-Terrain tires from Goodyear. This combination, paired with an all-new custom suspension composed of the highest quality components and tuning geared toward high-speed desert runs, produces even more capability on the street or in the desert.

Ram Truck Brand

In 2009, the Ram Truck brand launched as a stand-alone division, focused on meeting the demands of truck buyers and delivering benchmark-quality vehicles. With a full lineup of trucks - the Ram 1500, 2500/3500 Heavy Duty, 3500/4500/5500 Chassis Cab and ProMaster - the Ram brand builds trucks that get the hard work done and families where they need to go.

Ram continues to outperform the competition and sets the benchmark for:

- Best-in-class standard horsepower
- Segment-first 1,000 lb.-ft of torque with Cummins Turbo Diesel
- Most luxurious: Ram 1500 Tungsten with real metal and leather elements and a new 14.5-inch Uconnect touchscreen
- Best ride and handling with a double wishbone front suspension and five-link solid rear axle with available, segment-exclusive, active-level, four-corner air suspension
- Best-in-class available rear leg room
- The most cargo space available in any traditional full size cargo van
- Most capable full-size off-road pickup – Ram Power Wagon
- Most awarded light-duty truck in America
- Highest owner loyalty of any half-ton pickup

The latest [J.D. Power APEAL study](#), which rates the emotional bond between customers and their vehicles, named the 2023 Ram 1500 as the best full-size light-duty pickup.
