Canada: Jeep® Brand Extends Gecko Paint Colour and Factory JPP Gorilla Glass Windshield to Gladiator and Wrangler

- Gecko, currently available for Wrangler lineup, also joins Gladiator palette
- New \$150 Canadian MSRP Jeep Performance Parts (JPP) windshield with Corning Gorilla Glass offers a tough upgrade for Gladiator and Wrangler directly from the factory

July 28, 2021, Windsor, Ontario - The Jeep® brand is adding the eye-catching Gecko exterior paint colour and the tough JPP Gorilla Glass windshield to both the [2021 Jeep Gladiator](#) and [2021 Jeep Wrangler](#) models.

Gecko joins the Jeep palette of vivid, special-run colours, which included Chief Blue and Nacho for the 2021 model year. Available for order on Wrangler since spring 2021 (with ordering closing end of August 2021), Gecko can be ordered on Gladiator now until early October 2021.

"Customization is at the core of both Jeep Wrangler and Jeep Gladiator, and new colours and equipment allow the customer customization journey to begin at the factory," said Jim Morrison, Vice President, Jeep Brand North America. "Bold colours like Gecko green give our customers the chance to stand out on the trails, while the tough Gorilla Glass windshield will help them bring their Jeep home unscathed."

The Gecko green exterior paint option is available for ordering now for a limited time on all Gladiator and Wrangler models and is priced at a Canadian manufacturer's suggested retail price (MSRP) of \$295.

Jeep Performance Parts (JPP) Gorilla Glass Windshield

The factory-installed JPP windshield with Corning Gorilla Glass, priced at a Canadian MSRP of \$150 and available on Sport S, Sahara, Overland (Gladiator), Rubicon and Mojave (Gladiator) models, uses the same chemical-strengthening technology as cell phone screens. The combination of an ultra-thin Gorilla Glass inner ply with a 52% thicker outer ply makes this windshield lightweight, durable, and up to three times more resistant to chips, cracks and fractures from stones and off-road debris that hardcore Jeep Gladiator and Wrangler owners are likely to encounter.
