## **Even More Open-air Freedom for Jeep® Gladiator: Jeep Performance Parts Introduces New Half Doors as Part of Dual-Door Group**

- New half doors and choice of upper-window assemblies are now available as part of new Jeep® Gladiator Dual-Door Group factory option
- Warranty coverage for each Dual-Door Group option is included as part of the new-vehicle warranty of three years/36,000 miles
- Expanded open-air freedom options strengthen appeal of Jeep Gladiator, winner of the midsize pickup category in the J.D. Power 2021 Initial Quality Study (IQS)

September 14, 2021, Auburn Hills, Mich. - Jeep® Performance Parts (JPP) from Mopar is introducing new half doors for the [2021 Jeep Gladiator](#), offering an enhanced open-air experience for the most off-road capable Jeep truck ever.

“Open-air freedom is a hallmark of the Jeep brand,” said Jim Morrison, Vice President, Jeep Brand North America. “Following our introduction of new half doors for Jeep Wrangler earlier this year, we are now giving passionate Gladiator owners an opportunity to let even more of the outside in.”

“We work closely with our friends at Jeep to create and properly engineer new accessories,” said Mark Bosanac, North America Vice President, Mopar Service, Parts & Customer Care. “Across the entire Jeep vehicle lineup, we offer more than 500 quality-tested, factory-backed parts and accessories.”

### **New Jeep Gladiator Dual-Door Group features half doors**

Engineered, tested and backed by the factory, the new half-door option enhances the driving experience with production styling, security and occupant protection for Jeep Gladiator, the highest ranked midsize pickup in the J.D. Power 2021 Initial Quality Study (IQS). With lower window ledges, new half doors provide improved visibility while maneuvering on- and off-road.

The new Jeep Gladiator Dual-Door Group includes both full and half doors and is available on all Jeep Gladiator models through the Mopar Custom Shop as part of an original new-vehicle purchase in the U.S. Lightweight, high-strength aluminum doors are installed on the vehicle while matching body-color, aluminum half doors are conveniently packaged within the vehicle.

With production-level materials and build quality, new half doors are designed to work when equipped with any of the following features: power mirrors, blind-spot detection, passive and non-passive entry handles, and power locks. A quick and easy swap from full doors to half doors is accomplished within minutes using the existing hinge locations and the exact same wiring connections.

### **Upper-window assemblies**

New upper-window assemblies create a weather-tight seal and feature zippered plastic windows for quick, easy removal. Two materials are offered for the assemblies: base-model vinyl that matches the production soft-top roof or premium acrylic that matches the premium soft-top roof.

Each upper-door frame section uses an easy, tool-free, dual-guide post feature for easy installation and removal.

### **New Jeep Gladiator Dual-Door Group factory-option pricing (U.S.), which includes factory full doors and new half doors:**

- Dual-Door Group with base-model upper-window assemblies: sales code AJB, \$4,590

- Dual-Door Group with premium-model upper-window assemblies: sales code AJS, \$4,990

Warranty coverage for each Dual-Door Group option is included as part of the new-vehicle warranty of three years/36,000 miles.

### **Jeep Performance Parts**

Created in 2012 and offered by Mopar for the Jeep brand, Jeep Performance Parts (JPP) provide off-road enthusiasts with high-end, hard-core quality aftermarket accessories and performance parts. The portfolio of factory-backed, quality-tested parts includes axles, lift kits, bumpers, winches, skid plates, suspension components, and more. The products are created in close conjunction with the Jeep brand, engineering and product design-office teams for development, testing and validation. Strict standards and factory-exclusive data — information not available to the aftermarket — are used to seamlessly integrate performance parts and accessories in order to deliver proper fit, finish and quality right down to the color, grain, and appearance of each product. To see the full line of Jeep Performance Parts, visit [mopar.com/jpp](http://mopar.com/jpp).

### **Jeep Brand**

Built on 80 years of legendary heritage, Jeep is the authentic SUV with capability, craftsmanship and versatility for people who seek extraordinary journeys. The Jeep brand delivers an open invitation to live life to the fullest by offering a full line of vehicles that continue to provide owners with a sense of security to handle any journey with confidence. Jeep Wave, a premium owner loyalty and customer care program that is available to the entire Jeep lineup, is filled with benefits and exclusive perks to deliver Jeep owners the utmost care and dedicated 24/7 support.

The Jeep vehicle lineup consists of the Cherokee, Compass, Gladiator, Grand Cherokee, Renegade and Wrangler. To meet consumer demand around the world, all Jeep models sold outside North America are available in both left- and right-hand drive configurations and with gasoline and diesel powertrain options. Jeep is part of the portfolio of brands offered by leading global automaker and mobility provider Stellantis. ### **Mopar**

Mopar is the global name for Stellantis genuine parts and authentic accessories.

A simple combination of the words MOfor and PARts, Mopar offers exceptional service, parts and customer-care. Born in 1937 as the name of a line of antifreeze products, Mopar has evolved over more than 85 years to represent both complete vehicle care and authentic performance for owners and enthusiasts worldwide.

Mopar made its mark in the 1960s during the muscle-car era with performance parts to enhance speed and handling for both on-road and racing use. Later, Mopar expanded to include technical service and customer support, and today integrates service, parts and customer-care operations in order to enhance customer and dealer support worldwide.
