"The amount of luxury in the Grand Wagoneer is nothing short of staggering," said CarBuzz Managing Editor Jake Lingeman. "With 75 inches of reconfigurable screen, the latest Uconnect software (five times faster than the previous version), and built-in Amazon Fire TV, there's no length of road trip that would be too long. Keeping things settled and cushy over the long haul is a fully independent suspension setup with rear load-leveling for when carrying lots of payload. The Grand Wagoneer comes standard with an electronically controlled air suspension that continually adjusts stiffness for the best on- or off-road ride."

The all-new [2022 Grand Wagoneer](#) and [2022 Wagoneer](#) mark the rebirth of a premium American icon, with legendary capability courtesy of three available 4x4 systems, exceptional driving dynamics, powerful performance, including best-in-class towing capability of up to 10,000 lbs., advanced technology and safety, and a premium level of comfort for up to eight passengers, all wrapped in a sophisticated and authentic design.

"The CarBuzz Family Luxury Award is a testament to Grand Wagoneer's world-class craftsmanship and the fact that there is a premium space for every member of the family," said Jim Morrison, vice president and head of Jeep brand North America. "The refinement, best-in-class passenger volume and advanced technology, including the new [Uconnect 5](#) system, front passenger interactive display, premium McIntosh audio system and industry-first built-in Fire TV, ensure that every seat in the Grand Wagoneer is the best seat in the house."
