## Chrysler Shares Final Teaser of New, Electrified Concept Car, Reveal Set for Feb. 13

February 12, 2024, Auburn Hills, Mich. - Chrysler is releasing a final teaser previewing a new, electrified concept car that offers a combination of seamless technology and battery-electric performance working in harmony with pure, streamlined, sustainability-inspired design.

The reveal of the forward-looking concept can be viewed online at <u>chrysler.com</u> on Feb. 13, 2024, starting at 5:01 a.m. ET.

## **Chrysler Brand**

The Chrysler brand has delighted customers with distinctive designs, craftsmanship, and advanced innovation and technology since the company was founded in 1925. Chrysler continues to build on that nearly 100-year legacy of creating ingenious products and technologies for mainstream customers, moving forward on an electrified transformation that will launch the brand's first battery-electric vehicle in 2025 and an all-electric portfolio in 2028.

The Chrysler Pacifica continues to reinvent the minivan, a segment Chrysler created 40 years ago. The Chrysler Pacifica Plug-in Hybrid symbolizes the brand's electrification evolution, representing the first electrified minivan in the segment and achieving 82 MPGe, an all-electric range of 32 miles and a total range of 520 miles. Chrysler Pacifica delivers the most standard safety features and most advanced available all-wheel-drive system in its class and is also the most awarded minivan over the last seven years with more than 175 honors and industry accolades since its introduction as a minivan.

Chrysler is part of the portfolio of brands offered by leading global automaker and mobility provider Stellantis. For more information regarding Stellantis (NYSE: STLA), please visit <u>www.stellantis.com</u>.
