July 23, 2024, Auburn Hills, Mich. - Tickets are available, the date and location are locked in and the Dodge Brotherhood of Muscle is geared up to gather for the ninth edition of MotorTrend Presents Roadkill Nights Powered by Dodge, set to return to M1 Concourse in Pontiac, Michigan, on Saturday, August 10, 2024. Enthusiasts can reserve a spot to watch adrenaline-pumping, legally sanctioned drag racing on Metro Detroit's famed Woodward Avenue and choose from a variety of available ticket packages at motortrend.com/roadkillnights.

Tickets for Roadkill Nights Powered by Dodge start at \$25 for general admission. Pontiac residents with a valid ID can purchase tickets at a discounted rate of \$20 at the gate. Children 12 and under receive free admission, and employees presenting a Stellantis ID badge at the gate will also receive free admission, along with free admission for up to one guest.

This year's event will pack more performance than ever before. Four-time Dodge NHRA Funny Car champion Matt Hagan and European Dodge brand ambassador Ida Zetterström, who will make her NHRA Top Fuel debut later this year, will unleash their respective 11,000-horsepower and 12,000-horsepower drag cars on the temporary Woodward Avenue drag strip on August 10. Hagan's Tony Stewart Racing teammate and fan-favorite Dodge racer Leah Pruett will also be in attendance and will participate in an autograph session with Hagan and Zetterström.

The Roadkill Nights Powered by Dodge main event on Saturday will also host the Direct Connection Grudge Race, now back for a fourth consecutive year. Automotive builders with legions of online followers were given Direct Connection HurriCrate engines, derived from the high-output version of the 3.0L Hurricane Twin Turbo engine, to use as building blocks in their drag car build projects.

A recent addition to the list of competitors is media personality and Hemmings Director of Programming Mike Musto,

who together with builder and fabricator Suppy Wejpanich, will install a HurriCrate engine in the world's only widebody Dodge Hornet GT. Musto will race the modified Hornet GT against [six previously announced competitors](#), battling it out for Grudge Race bragging rights online and on the strip.

The HurriCrate-powered Hornet build will be showcased on the first season of a new ongoing video series that will follow Musto and Wejpanich as they swap the same engine into a variety of different vehicle builds to demonstrate the HurriCrate's versatility.

Direct Connection is the Dodge performance parts brand, offering factory-backed performance parts through the Dodge Power Brokers dealer network. All competitors will be linked with a Dodge Power Brokers dealer to assist with their build projects. Competitors will also receive VIP access to the Direct Connection Tech hotline at (800) 998-1110 for assistance. More information on Direct Connection and Dodge Power Brokers is available at DCPerformance.com. Information on the full lineup of Direct Connection Grudge Race competitors is available at DodgeGarage.com.

Dodge//SRT

For 110 years, the Dodge brand has carried on the spirit of brothers John and Horace Dodge. Their influence continues today as Dodge shifts into high gear with a lineup that delivers unrivaled performance in each of the segments in which the brand competes while moving forward to a future that includes electrified muscle in the form of the next-generation, all-new Dodge Charger.

The next-generation Dodge Charger electrifies a legend, with the Charger retaining its title as the world's quickest and most powerful muscle car led by the all-new, all-electric 2024 Dodge Charger Daytona Scat Pack. The all-new Dodge Charger will also offer performance choices via multi-energy powertrain options including the 550-horsepower Dodge Charger SIXPACK H.O., powered by the 3.0L Twin Turbo Hurricane High Output engine.

Dodge also keeps its foot on the gas as a pure performance brand with the 710-horsepower Dodge Durango SRT Hellcat, the most powerful SUV ever, and best-in-class standard performance in the compact utility vehicle segment with the Dodge Hornet.

Dodge is part of the portfolio of brands offered by leading global automaker and mobility provider Stellantis. For more
