## **Dodge Puts Pedal Down on 20th Anniversary Celebration of HEMI®-powered Dodge Durango, Announces New 2025 Dodge Durango SRT Hellcat Brass Monkey**

- Dodge keeps HEMI®-powered Dodge Durango anniversary party going, rolls out new 710-horsepower Dodge Durango SRT Hellcat Brass Monkey
- 2025 Dodge Durango SRT Hellcat Brass Monkey is fourth overall Durango special-edition vehicle, and third Durango SRT Hellcat special-edition vehicle, announced for 2025 model year
- Durango SRT Hellcat Brass Monkey follows three previous special-edition models: [2025 Dodge Durango SRT Hellcat Silver Bullet](#), [2025 Dodge Durango SRT Hellcat Hammerhead](#) and [2025 Dodge Durango R/T 20th Anniversary](#)
- Durango SRT Hellcat Brass Monkey exterior features include dark bronze 20-by-10-inch Brass Monkey wheels, Brass Monkey exterior badging, Red Oxide exterior color, Satin Black painted hood and more
- Sepia Laguna leather SRT seats, silver SRT Hellcat logo embroidered on seatbacks and leather and suede steering wheel featuring silver/sepia stitching are just a few of the unique interior appointments
- Durango SRT Hellcat Brass Monkey moves from 0 to 60 mph in 3.5 seconds, clocks the quarter-mile in an elapsed time of 11.5 seconds and hits a top speed of 180 mph thanks to supercharged 6.2-liter HEMI Hellcat V-8 engine under the hood
- All 2025 model-year Durango special-edition models are available now for ordering at dealerships
- Interactive Dodge Horsepower Locator tool at [DodgeGarage.com](#) allows customers to identify nearby dealers with Dodge Durango special-edition models in stock

October 17, 2024, Auburn Hills, Mich. - Dodge is keeping the brand's anniversary party going, marking two decades worth of HEMI®-powered Dodge Durango production with the announcement of a fourth 2025 special-edition Durango model, the new 710-horsepower Dodge Durango SRT Hellcat Brass Monkey.

"The 2025 Dodge Durango SRT Hellcat Brass Monkey caps a trio of 2025 Durango SRT Hellcat special-edition models as we recognize 20 years of HEMI power in the Dodge performance SUV," said Matt McAlear, Dodge brand CEO. "The Durango continues to lead the segment with the Durango SRT Hellcat, the fastest, most capable American three-row gas SUV, delivering best-in-class available towing of 8,700 lbs."

Dodge first ramped up full production of HEMI-fueled Durango models in 2004, and the brand is celebrating the 20th anniversary of that power-packed pairing by rolling out a lineup of limited-production SUVs outfitted with unique features and distinctive Dodge DNA. The Durango SRT Hellcat Brass Monkey follows previous special-edition models, including the [2025 Dodge Durango SRT Hellcat Silver Bullet](#), [2025 Dodge Durango SRT Hellcat Hammerhead](#) and [2025 Dodge Durango R/T 20th Anniversary](#).

The lineup of Dodge Durango special-edition models can be searched for dealer availability by using the interactive Dodge Horsepower Locator tool at [DodgeGarage.com](#). The Horsepower Locator allows customers to identify a nearby dealer with a Durango special-edition model in stock, with the list of available vehicles refreshed weekly as dealer allocation is updated. Dealer information and a link to the dealer website is also provided to make reaching out and placing orders with dealers easy.

### **2025 Dodge Durango SRT Hellcat Brass Monkey**

A fan-favorite accent color for years on previous Dodge models, dark bronze embellishments accentuate the bold look of the 2025 Dodge Durango SRT Hellcat Brass Monkey. Featuring a Red Oxide exterior color, highlight content

added to the Durango SRT Hellcat Brass Monkey includes:

- 20-by-10-inch Brass Monkey wheels
- Brass Monkey exterior badging
- Sepia Laguna leather SRT seats
- Silver SRT Hellcat logo embroidered on seatbacks
- Leather and suede steering wheel featuring silver/sepia stitching
- Satin Black painted hood
- Black six-piston Brembo brake system
- Black exhaust tips
- Dual silver/sepia accent stitching throughout the interior
- Premium wrapped instrument panel
- Forged carbon-fiber with light black chrome interior accents
- Suede headliner

Like its special-edition Durango SRT Hellcat siblings, the Durango SRT Hellcat Brass Monkey moves from 0 to 60 mph in 3.5 seconds, clocks the quarter-mile in an elapsed time of 11.5 seconds and hits a top speed of 180 mph thanks to the supercharged 6.2-liter HEMI Hellcat V-8 engine under the hood.

Additional standard performance features and premium standard content on the Durango SRT Hellcat Brass Monkey include:

- SRT Performance Pages, with info on vehicle performance, including timers, g-force, gauges, engine and dyno readouts
- Configurable Drive Modes for more vehicle control
- Race Options that allow the driver to activate, deactivate and adjust the rpm values for Launch Control and Shift Light features
- TorqueFlite 8HP95 eight-speed automatic transmission
- Steering-wheel-mounted paddles for manual-style shifting
- Seven available Drive modes – Auto, Sport, Track, Snow, Tow, Eco and Valet
- 10.1-inch touchscreen with navigation, wireless Apple CarPlay and Android Auto
- Wireless charging
- 19-speaker Harman Kardon system with an 825-watt amplifier
- Second-row console with armrest
- Sunroof
- Standard ADAS features include Blind-spot Monitoring with Trailer Detect, Forward Collision Warning with Active Braking, Adaptive Cruise Control with Stop and more

The 2025 Dodge Durango SRT Hellcat Brass Monkey is available at a starting U.S. manufacturer's suggested retail price (MSRP) of \$113,720 (excluding destination charge). All 2025 Dodge Durango special-edition models are available now for ordering at dealerships.

### **Dodge//SRT**

For 110 years, the Dodge brand has carried on the spirit of brothers John and Horace Dodge. Their influence continues today as Dodge, America's performance brand, shifts into high gear with a lineup that delivers unrivaled performance in each of the segments in which the brand competes while moving forward to a future that includes electrified muscle in the form of the next-generation, all-new Dodge Charger.

The next-generation Dodge Charger electrifies a legend, with the Charger retaining its title as the world's quickest and most powerful muscle car led by the all-new, all-electric 2024 Dodge Charger Daytona Scat Pack. The all-new Dodge Charger will also offer performance choices via multi-energy powertrain options including the 550-horsepower Dodge Charger SIXPACK H.O., powered by the 3.0L Twin Turbo Hurricane High Output engine.

Dodge also keeps its foot on the gas as a pure performance brand with the 710-horsepower Dodge Durango SRT Hellcat, the most powerful SUV ever, and best-in-class standard performance in the compact utility vehicle segment with the Dodge Hornet.

Dodge is part of the portfolio of brands offered by leading global automaker and mobility provider Stellantis. For more information regarding Stellantis (NYSE: STLA), please visit [www.stellantis.com](http://www.stellantis.com).
