2010 Dodge Journey Packed With Innovative Features And Flexibility

- Improved highway fuel economy (1 mpg) with 3.5-liter V-6 engine (on Journey SXT and R/T front-wheel and all-wheel drive models)
- Fuel-saver with “ECO” lamp indicator in cluster
- Driver and front-passenger active head restraints (all models)
- Larger nine-inch video entertainment system screen (available on Journey SXT and R/T)
- Four-wheel anti-lock disc brakes with hydraulic-boost compensation (all models)
- Remote keyless entry (standard on Journey SE)
- Dark Slate monotone interior (all models)

August 31, 2009, Auburn Hills, Mich. -

The 2010 Dodge Journey redefines the expanding mid-size crossover segment, offering seven-passenger seating, safety and security, cargo flexibility and great all-weather driving capability. Add in its youthful, sporty look, fun-to-drive dynamics, innovative features and 25-mpg highway fuel-efficiency, and Dodge Journey gives customers the complete value package.

With unique seating and best-in-class storage solutions, Dodge Journey is designed to meet the needs of many customers—ranging from young singles, couples and families with small children to mature families—who want the capability to do more. Designed from the ground up, Dodge Journey is a right-sized crossover that combines the versatility of a larger sport-utility vehicle with the efficiency of a passenger car.

With the simple turn of a lever, Dodge Journey’s available 5+2-passenger-seating system quickly folds the Tilt ‘n Slide™ second-row seat cushion upward and slides the entire seat forward, allowing third-row passengers easy in-and-out access. Two available integrated child booster seats, a first in the mid-size crossover segment, quickly pull out from the second-row seat cushion, eliminating the need to transport bulky child seats. Spacious storage bins, including the Flip ‘n Stow™ front-passenger seat concealed storage bin, Chill Zone™ glove box beverage cooler and second-row dual in-floor storage bins with liners are easy to reach.

In-vehicle technologies include Uconnect Navigation with a 30-gigabyte hard drive with voice commands, iPod® Control, Uconnect Phone and real-time traffic monitoring. Rear-seat passengers will enjoy the available rear-seat entertainment system with a nine-inch screen, two wireless headphones and available SIRIUS Backseat TV™.

Dodge Journey AT A GLANCE

Dodge Journey blends the capability of a sport-utility vehicle (SUV) and the overall efficiency of a passenger car into a “right-sized” crossover for the Dodge brand:

- Bold, capable and youthful styling
- Proportions make it the right size for city streets and garage parking
- Chromed crosshair grille, center-stamped Dodge Ram’s head and quad headlamps
- Available 19-inch aluminum wheels enhance its athletic stance
- Efficient 2.4-liter World Engine offers 19 city / 25 highway mpg
- Available all-wheel drive enhances all-weather capability

Dodge Journey offers a best-in-class storage system with a unique combination of versatility and flexibility:

- Available 5+2 passenger seating with 50/50-split third-row seat with recline feature
- Second-row seats with Tilt 'n Slide™ provide easy third-row entry
- Fold-flat front seat with Flip 'n Stow™
- Child presentation feature
- Integrated child booster seats
- Second-row (and third-row if equipped) stadium seating
- 90-degree rear-door openings
- Two second-row in-floor storage bins with washable liners
- Tri-section load floor for 5-passenger vehicles
- Rear in-floor storage bin for 7-passenger vehicles
- Sunglass bin with child observation mirror
- Sliding center arm rest
- Available heated front seats with leather or premium cloth

Dodge Journey offers more innovative features than any other vehicle in its class:

- Uconnect Multimedia with 30-gigabyte hard drive with touch-screen
- Uconnect Navigation with 30-gigabyte hard drive, voice commands and real-time traffic monitoring
- Uconnect Phone
- SIRIUS Backseat TV and SIRIUS Satellite Radio
- iPod® Control
- Rear-seat DVD video entertainment system (VES®) with audio/video input jacks
- Chill Zone™ beverage storage
- Aimable LED map/reading lamps
- Illuminated cup holders
- 115-volt power inverter

More than 35 advanced safety and security features, including a 5-star government front- and side-crash test rating:

Safety features include:

- Active head restraints for driver and front-passenger
- Advanced multi-stage driver and front-passenger air bags
- All-speed traction control
- Anti-lock Brake System (ABS)
- Brake Assist
- Brake-traction Control System (BTCS)
- Child seat anchor system: LATCH (Lower Anchors and Tethers for Children)
- Electronic-roll Mitigation (ERM)
- Electronic Stability Program (ESC)
- Enhanced Accident Response System (EARS)
- Integrated child booster seats
- ParkView™ rear back-up camera
- Side-occupant protection system
- Supplemental side air bags
- Supplemental side-curtain air bags
- Tire-pressure Monitoring (TPM)
- Trailer-sway Control (TSC)
