Dodge Journey — Packed With Innovative Features And Flexibility (for markets outside North America)

Highlights:

- Bold Dodge styling provides a modern, distinctive D-segment crossover design
- Available Dual-clutch Transmission (DCT) and economical 2.0-liter turbo-diesel engine provide maximum fuel-efficiency
- Flexible interior space with a best-in-class storage system and 5+2 passenger seating
- Modern interior design with innovative technology including hands-free Uconnect™ Navigation system, Chill Zone™, iPod® Control and DVD entertainment with large overhead video display
- High-level of safety and security equipment, including supplemental side air bags, and front-seat mounted side air bags, Electronic-roll Mitigation (ERM), Electronic Stability Control (ESC) and advanced driver and front-passenger air bags
- Fuel-saver with “ECO” lamp indicator in cluster

September 15, 2009, Frankfurt, Germany - The Dodge Journey redefines the crossover segment, offering five- and seven-passenger seating, safety and security, cargo flexibility and great all-weather driving capability. Add in its youthful, sporty look, fun-to-drive dynamics, innovative features and fuel-efficient powertrains, and Dodge Journey gives customers the complete value package.

With unique seating and best-in-class storage solutions, Dodge Journey is designed to meet the needs of many customers — ranging from young singles, couples and families with small children to mature families — who want the capability to do more. Newly designed from the ground up, Dodge Journey is a right-sized crossover that combines the versatility of a larger sport-utility vehicle with the fuel efficiency of a D-segment passenger car.

With the simple turn of a lever, Dodge Journey’s available 5+2-passenger-seating system quickly folds the Tilt ‘n Slide™ second-row seat cushion upward and slides the entire seat forward, allowing third-row passengers easy in-and-out access. Two available integrated child booster seats quickly pull out from the second-row seat cushion, eliminating the need to transport bulky child seats. Spacious storage bins, including the Flip ‘n Stow™ front-passenger seat concealed storage bin, Chill Zone™ glove box beverage cooler and second-row dual in-floor storage bins with removable liners are easy to reach.

In-vehicle technologies include Uconnect™ Navigation with a 30-gigabyte hard drive with voice commands, iPod® Control and hands-free Uconnect Phone. Rear-seat passengers will enjoy the available rear-seat entertainment system with a 22 cm (9-inch) screen, two wireless headphones and auxiliary input jack for personal electronics or game consoles.

Three fuel-efficient engine options power Dodge Journey: a powerful 2.0-liter turbo-diesel engine paired with a six-speed manual transmission or advanced six-speed Dual-clutch Transmission (DCT), a responsive 2.4-liter four-cylinder World Engine with four-speed automatic, and a flex-fuel 2.7-liter 24-valve V-6 engine with six-speed Auto Stick transmission.

DODGE JOURNEY AT A GLANCE

Dodge Journey blends the capability of a sport-utility vehicle (SUV) and the overall efficiency of a D-segment passenger car into a “right-sized” crossover:

- Bold, capable and youthful Dodge styling
- D-segment proportions make Journey the right size for city streets and garage parking
- Available 19-inch aluminum wheels enhance Journey's athletic stance

Dodge Journey offers a best-in-class storage system with a unique combination of versatility and flexibility:

- Available 5+2 passenger seating with 50/50-split third-row seat with recline feature
- Available second-row seats with Tilt 'n Slide™ provide easy third-row entry
- Available fold-flat front seat with Flip 'n Stow™
- Second-row seating with child presentation feature
- Available integrated child booster seats
- Second-row (and third-row if equipped) stadium seating
- 90-degree rear-door openings
- Two second-row in-floor storage bins with removable, washable liners
- Removable, tri-section load floor for 5-passenger vehicles
- Rear in-floor storage bin for 7-passenger vehicles
- Sunglass bin with child observation mirror
- Heated front seats available in leather or premium cloth

Dodge Journey offers an array of features including:

- Uconnect Multimedia with 30-gigabyte hard drive with touch-screen
- Uconnect Navigation with 30-gigabyte hard drive with touch-screen and voice commands
- Uconnect Phone with hands-free calling
- iPod® Control
- Video Entertainment System (VES®) with rear-seat DVD and audio/video input jacks
- Chill Zone™ beverage storage bin
- Aimable LED map/reading lamps
- Illuminated cup holders

Efficient, yet fun-to-drive performance

- Dodge Journey with available 2.0-liter turbo-diesel engine 103 kW (140 hp DIN) and 310 N•m (229 lb.-ft.) of torque features fuel consumption as low as 5.1 L/100 km
- Advanced six-speed Dual-clutch Transmission (DCT) offers added efficiency and driving ease when paired with the 2.0-liter turbo-diesel engine
- A fuel-efficient 2.4-liter I-4 World Engine delivers 129 kW (170 hp DIN) and 220 N•m (162 lb.-ft.) of torque with petrol fuel consumption as low as 7.0 L/100 km on Dodge Journey
- For customers seeking more performance, a 2.7-liter 24-valve petrol engine produces 136 kW (185 hp DIN) and 256 N•m (191 lb.-ft.) of torque and is paired with a six-speed automatic transmission with Auto Stick

High-level of advanced safety and security features available, including:

- Active head restraints for driver and front-passenger
- Advanced multi-stage driver and front-passenger air bags
- Anti-lock Brake System (ABS)
- Brake Assist
- Brake-traction Control System (BTCS)
- Child seat anchor system: (LATCH/ISOFIX)
- Electronic-roll Mitigation (ERM)
- Electronic Stability Control (ESC)
- Enhanced Accident Response System (EARS)
- Integrated child booster seats
- ParkView™ rear back-up camera
- Supplemental seat-mounted side air bags
- Supplemental side-curtain air bags
- Tire-pressure Monitoring (TPM)

- Trailer-sway Control (TSC)
