2011 Jeep® Liberty Remains True to Its Legendary 4x4 Heritage

- New steering wheel and standard steering wheel mounted audio controls
- New colors: Blackberry Pearl Coat, Bright White Clear Coat and Deep Cherry Red Crystal Pearl Coat
- New radio and infotainment systems
- 2011 Jeep Liberty Jet combines vehicle's renowned capability with unique upscale appearance

June 22, 2011, Auburn Hills, Mich. - The Jeep® Liberty has remained a leader in the mid-size sport-utility vehicle (SUV) segment since its introduction in 2002. The capable and popular mid-size SUV gives off-road enthusiasts and owners their own sense of personal freedom and capability that defines the Jeep brand.

For 2011, the Jeep Liberty is available in three models – Sport, Renegade and Limited. Renegade was introduced mid-way through the 2010 model year, and is equipped with features that position it between Sport and Limited with an emphasis on off-road equipment. Renegade boasts a premium, rugged appearance with standard class-leading capability features, including skid plates, tire-pressure monitoring (TPM), Hill-start Assist (HSA) and Hill-decent Control (HDC), unique color fender flares, fascia and headlamps. Inside, the Renegade includes a premium instrument panel with an Electronic Vehicle Information Center (EVIC) and a leather steering wheel with audio controls.

In addition, a more premium Liberty model – the Liberty Jet – was introduced at the 2010 Los Angeles Auto Show. It combines Liberty's renowned capability with a unique, upscale appearance.

All Jeep Liberty models are now available with new color offerings: Blackberry Pearl, Bright White Clear and Deep Cherry Red Crystal Pearl.

Also new for 2011, all Liberty models feature a new steering wheel with standard controls for radio. Limited models include EVIC, cruise control and Uconnect® Phone. Three new Media Centers are available in the Jeep Liberty, including:

- AM/FM/CD/DVD/MP3 and auxiliary jack with 6.5-inch touch screen and 30 GB hard drive
- AM/FM/CD/DVD/MP3 and auxiliary jack with 6.5-inch touch screen, 30 GB hard drive and Garmin navigation
- AM/FM/CD/DVD/MP3 and auxiliary jack with 6.5-inch touch screen, 30 GB hard drive, Uconnect Navigation, SIRIUS Traffic and SIRIUS Travel Link

The Jeep Liberty remains true to its legendary 4x4 heritage by offering two Jeep Trail Rated® four-wheel-drive systems – Command-Trac II® and Selec-Trac II®. The Liberty features independent front suspension with rack-and-pinion steering and a five-link rear suspension.

The Liberty's exterior takes on a rugged, classic Jeep look that captivates and broadens its consumer appeal. Inside the Jeep Liberty offers cargo and storage space, and seat comfort. Jeep's Sky Slider® full-length open-canvas roof is an industry exclusive and gives the Liberty that "have fun out there" open-air Jeep brand experience. Remote start, memory seats, power mirrors and express up/down windows are part of the available features and options.

The Jeep Liberty is designed to appeal to customers who are looking for Jeep 4x4 capability as well as comfort and convenience. It is targeted to young couples and new families, as well as professional, young singles between 30 and 40 years of age, balanced male to female. Jeep Liberty owners balance day-to-day responsibilities with their passion for adventure as well as the outdoors. They are athletic, and pursue activities that combine their various interests with their active lifestyle.

2011 Jeep Liberty Jet
The 2011 Jeep Liberty Jet appearance package is available on Liberty Sport and Limited models.

Exterior features on the new Liberty Jet include 20-inch polished aluminum wheels fitted with P245/50R20 all-season tires; chrome lower fascia opening, body side moldings, license plate brow, roof rails and mirror caps; blacked-out headlamps; and unique 'Jet' badge. The new 2011 Liberty Jet is offered in four exterior colors: Bright Silver, Dark Charcoal, Brilliant Black and Blackberry.

Inside, the Jeep Liberty Jet edition boasts a nine-speaker premium audio system; a standard security system that includes supplemental side-curtain air bags and Park Sense rear park assist; available Dark Slate Gray leather seating with accent stitching; heated front seats, available with six-way power function for the driver and two-way for the passenger; leather-wrapped steering wheel with audio controls; and one-touch up/down power windows.
